

# THINK GREEN CLEAN GREEN

## SPÜLBOY®

### Ecologically, the first choice for gastronomy!

**SPÜLBOY® sets internationally innovative standards in professional glass cleaning and represents perfect hygiene with sustainable products!**

**Environmental consciousness and innovation for the gastronomy sector!**

SPÜLBOY® gets you further - sustainably.

Perfect hygiene, cleanliness and ecological compatibility! That is SPÜLBOY®!

All SPÜLBOY® models operate without power and with the lowest water consumption. Only 10cl of water is required per rinsing process and the water is only used when rinsing is activated.

Our contribution for a greener environment!

Gentle on people and the environment! 100% hygienic cleanliness without aggressive cleaning agents.

SPÜLBOY® glass cleaning tablets are completely biodegradable!

SPÜLBOY® is completely recyclable and does not need to be disposed off as special waste. This also applies to the packaging. SPÜLBOY® is a member of Resy, Organisation für Wertstoffentsorgung GmbH.
