

Welcome to the NU[®] world!

a NU[®] Star is born!

Spülboy NU[®] defines the daily requirements on a manual glass washer totally new. Especially the robust and stable construction makes the NU[®] to a reliable companion for nearly every area of application. Completely closed outer pot, integrated soft components serve a perfect bumper, approved functions eg the 2- step rinse valve and a revolutionary Hygienic Design. That's NU[®] that's unique !

SPÜLBOY goes Asia!

In cooperation with our Indonesian Partner we presented our glass washing concepts live at Bali from the 03.-05. of March 2016. Sounds exotic but was very successful - because even South East Asia loves the idea of "cleaning green".
